Chesapeake Bay Regional Conference on Mass Properties

October 8-10, 2009

Virginia Beach, Virginia

Papers and presentations are sought which deal with current issues and recent advances in Mass Properties and related disciplines. Potential topics include the following:

- *Advanced Materials*
- *Weight Improvement Programs*
- *Metrology*
- *Weight Control*
- *Government/Industry Issues*

- *Computer Applications*
- *Mass property trade studies for projects*
- *Industry / Government Best Practices*
- *Flight Systems Technology*
- *Marine Systems Design*

Special Conference Emphasis on Lightweight Material and Structure for Marine and Aerospace Applications

Abstracts

Abstracts should include the paper title, author's name, organization phone number, and email. They should be 100-300 words in length and should contain a statement of the problem or objective, the method of approach, and a summary of the conclusions. Papers which have been previously prepared and delivered or published in other venues are acceptable. Written papers should be in accordance with the Instructions for Authors which can be downloaded from www.SAWE.org. Oral presentations are acceptable without a formal written paper.

Abstracts are due by September 1, 2009. To submit abstracts or for further information, please contact:
