

Society of Allied Weight Engineers, Incorporated

Aerospace • Marine • Offshore • Land Vehicle • Allied Industries

2018-2019

SPONSOR & EXHIBITOR CHAIR

David S. Cash

Huntington Ingalls Industries –
Newport News Shipbuilding
4101 Washington Ave
Newport News, VA 23607
Work: 757-688-4113
Cell: 757-871-5464
Fax: 757-688-3978

Email: David.S.Cash@hii-nns.com

CONFERENCE CO-CHAIR

Melissa Cooley

Huntington Ingalls Industries –
Newport News Shipbuilding
4101 Washington Ave
Newport News, VA 23607
Work: 757-534-2503
Cell: 757-749-2366
Fax: 757-688-3978

Email: Melissa.Cooley@hii-nns.com

CONFERENCE CO-CHAIR

Amanda Cutright

NASA Langley Research Center
1 Nasa Drive
Hampton, VA 23666
Work: 757-864-9334
Cell: 757-880-5819

Email: Amanda.M.Cutright@nasa.gov

2018 HAMPTON ROADS COASTAL VIRGINIA REGIONAL CONFERENCE on MASS PROPERTIES ENGINEERING

SPONSOR and EXHIBITOR
OPPORTUNITIES

Nov 29th – Dec 1st, 2018

Norfolk, Virginia

Hilton Norfolk – The Main

www.sawe.org/hamptonroads/2018regional

The Society of Allied Weight Engineers (SAWE) provides opportunities to connect with engineers and industry professionals from large and small companies from around the world. SAWE conferences and technical publications support a wide range of industries including aerospace, defense, government, marine, automotive, airline and other related industries.

2018 SAWE HAMPTON ROADS REGIONAL CONFERENCE

The SAWE is focused on:

- Providing a means for those interested in mass properties engineering to work together to further their professional goals.
- Promoting recognition of mass properties engineering as a specialized discipline in the entire spectrum of professional engineering.
- Serving as a medium for the exchange of current mass properties related techniques and state of the art improvements in the profession.
- Promoting the design and manufacture of optimum weight equipment, development of new materials, and improvements in the state of the art.
- Encouraging members to promote continuous improvement in the interrelations between mass properties engineers for mutual benefit.
- Publicly recognizing any person or organization that significantly enhances the professionalism of the Society or develops new technology that improves the state of the art of mass properties engineering efficiencies.
- Promoting the inclusion of mass properties engineering in the curriculum of study in institutions of higher learning.
- Providing training for those working in the field of Mass Properties.
