SAWE Members,

Each year the Society of Allied Weight Engineers sponsors the SAWE Scholarship Program.

Applicants must be children* or grandchildren (age 25 and under) of members of the SAWE worldwide who have a minimum of one year of membership as of the application deadline date. Children of deceased members are also eligible.

*For purposes of this program, children are defined as natural and legally adopted children or stepchildren of members.

Applicants must be high school seniors or graduates who plan to enroll or students who are already enrolled in a full-time undergraduate course of study at an accredited four-year college or university.

The program will utilize standard **Scholarship America** recipient selection procedures including the consideration of past academic performance and future potential, leadership and participation in school and community activities, work experience, statement of career and educational aspirations and goals, unusual personal or family circumstances and an outside appraisal. **In no instance does any member of the SAWE or the Frank Fong family play a part in the selection of the winners.**

The distribution of new awards for 2020 is \$3,000. One (1) award will be given to a student majoring in a scientific field (e.g. engineering, physics, mathematics, computer sciences, etc.) from the SAWE/Frank Fong Memorial Scholarship Fund. There is no course of study requirement for the other two (2) awards from the Scholarship Fund for Children and Grandchildren.

Awards are for undergraduate study only. Financial need will not be considered.

Awards are not renewable; however, students may reapply to the program each year they meet eligibility requirements.

The Scholarship America application website link will be posted on the SAWE website (www.sawe.org) by **February 15, 2020**, and applications will be accepted from then until **April 30, 2020, 3:00 PM (Central Time)**. Any questions or clarifications on the SAWE Scholarship Program can be directed to the SAWE Executive Director at Bill.Boze@sawe.org.

William Boze
SAWE Executive Director
